Tab 1 — Home

PRIMARY HEADLINE

We heard you saying "I wish I could be there for them every single day."

We bridge the distance when you say, 'I wish I could be there for them every single day.'

Now, you can be. Eldoo Care ensures your parents are never alone — whether they are recovering at home or on their way to the hospital.

SUPPORTING HEADLINE OPTIONS

- From their front door to the specialist's clinic — we are with them.

HERO TAGLINE

Built by children. For their parents.

WHY ELDOO CARE

"I wish I could be in two places at once."

Now you can be. With Eldoo Care, your parents are never truly alone — even when you are far away.

"I worry every time my mother misses a dialysis appointment."

Eldoo Care's trained escorts ensure every appointment is kept — safely, consistently, and with care.

"Finding a trustworthy caregiver feels impossible."

We verify, screen, train, and monitor every care professional — so you never have to worry about who is with your parents.

"My father needs hospital-grade care but refuses to leave home."

We bring clinical care directly to your home — so your parents can heal where they feel safest.

THE ELDOO CARE DIFFERENCE

We are not just a service — we are a promise. A promise to show up, every time, with the professionalism of a clinic and the warmth of a family member.

We see the whole person — not just the condition. We guard their dignity, champion their independence, and ensure that every interaction leaves them feeling respected and cared for.

We are pioneering a new era where professional healthcare meets genuine human warmth.

IMPACT — NUMBERS THAT MATTER

The numbers that matter are the ones behind every trip safely completed, every family reassured, and every parent who arrived home with dignity intact.

Milestone	Phase 1 (Now)	Phase 2	Phase 3
Customers Served	100+	500+	1000+
Hours of Care Per Week	1,000+	5,000+	10,000+
Cities Served	9 Cities	30+ Cities	Pan India

Every number here represents a family that trusts Eldoo and no longer has to choose between their career and their parents' well-being. A child who slept soundly because they knew someone they trusted was there.

TESTIMONIALS — WHAT FAMILIES SAY

(Replace with verified customer testimonials before launch)

"Eldoo Care did not just transport my father to his dialysis — they called me afterward to say he had arrived safely and was comfortable. That one call changed everything for me."

— xxx

"I live in Singapore and my mother lives alone in Chennai. Knowing that Eldoo Care is her companion has given me the kind of peace I haven't felt in years."

— xxx

"They were punctual, professional, and my mother actually enjoyed their company. That says everything."

— xxx

SECTION BREAK & BANNER STATEMENTS (USE ONLY IF THERE IS A VALUE ADD)

- We make your home a safe place to heal — and our vehicles a safe way to travel.
- Care that looks the same from both sides: safety for them, certainty for you.
- We are pioneering a new era where professional healthcare meets human warmth.
- We see the person first. We guard their dignity and champion their independence — because that is what they deserve.
- We provide thoughtfully designed eldercare solutions that support independence, safety, and quality of life.
- Built by children. For their parents.

OUR PROMISE

We promise to offer:

- Safe healing at home
- Secure care from home to hospital
- Smart care with a human touch
- One standard: safety for them, certainty for you
- Professional care with genuine warmth
- Dignity, respect, and independence — always
- Reliable, consistent care — without compromise

Tab 2 — Plans **Ideally there should be pricing at the right for each plan, with list of all offerings clearly listed in bullets that's easy to comprehend**

Our Service Offerings

Eldoo Care's plans are built around four pillars — each designed to meet a distinct need in your parent's care journey. Choose what fits your family today, and scale as your needs evolve.

Move — Safe Medical Transport / Eldoo Go

Reliable, dignified transportation to hospitals, clinics, dialysis centres, therapy sessions, and specialist appointments (**Safe discharges**). Our trained drivers go beyond driving — they assist at every step, from the front door to the consultation room and back home safely.

Assist — Personal Care at Home / Eldoo Aid

Everyday support for bathing, grooming, mobility, meal assistance, and medication management. Our trained care attendants provide consistent, compassionate help — preserving independence while ensuring safety at home.

CareRide — Medically Supervised Transport

For patients requiring clinical oversight during transit — post-surgical transfers, emergency referrals, or those with complex conditions. Trained medical escorts and equipped vehicles ensure every journey is as safe as a clinical setting.

CarePlan — Coordinated Care Management (Eldoo Customised Care**)**

For families who need a complete care partner. We assess, design, and manage a personalised care plan — coordinating across transport, home care, medical visits, and caregiver supervision. One relationship. Complete peace of mind.

Comprehensive Plan — Complete Care, All Year Round

Our most complete offering for families who want total peace of mind without booking each service separately. Subscribe for 6 months or annually — covering transport, home care, medical visit coordination, caregiver management, and regular health check-ins. One plan. One relationship. Everything your parent needs, taken care of. Available as: 6-Month Plan | Annual Plan (with priority scheduling and dedicated care manager)

PLAN FEATURE HIGHLIGHTS

- WhatsApp Booking — instant care requests via the channel your family already uses
- Care Updates — real-time status notifications sent to the adult child
- Trained & Verified Care Professionals — screened, background-checked, and monitored
- Consistent Scheduling — the same trusted face, every visit
- Flexible Frequency — hourly, daily, weekly, or on-demand

Tab 3 — About Us

Who We Are & Why We Do This

VISION

To create a healthy world where every parent ages with dignity — supported by a lifelong promise of seamless, **and** compassionate care.

Our north star is simple: a world where no one is left to age alone. Where children can be present — even from a distance — and where every older adult can live with the safety, comfort, and respect they deserve.

MISSION

We bridge the gap between home and hospital so you are never alone.

Whether it is clinical care delivered in your living room or a safe, dignified escort to the specialist — Eldoo Care is your constant companion. We are the steadfast presence that turns worry into certainty, for both the parent and the child.

BRAND PROMISE

Safety for them. Certainty for you.

We make your home a safe place to heal and our vehicles a safe way to travel. With smart technology and a genuinely human touch, we stay by your side — from your home to the hospital and back.

LEADERSHIP — THE PEOPLE BEHIND THE PROMISE

Eldoo Care was founded by people who have lived the helplessness of watching people need care from a distance — and who refused to accept that nothing better existed.

Omprakash graduated from the London School of Economics (LSE), with a decade of leadership across the civil service, multilateral organizations, and the corporate sector, he has built the infrastructure that makes societies more inclusive. From the Indian Space Research Organisation to the United Nations, his career is defined by one discipline: transforming the impossible-to-execute into the impossible-to-ignore.

The helplessness of managing his own parents' care from a distance exposed a systemic failure in eldercare. Refusing to accept 'caregiver guilt,' Omprakash co-founded Eldoo Care to engineer a future of institutional trust. By professionalizing the 'First and Last Miles' of the care journey, he ensures families stay connected, regardless of the distance.

WHERE WE SERVE — 9 CITIES ACROSS SOUTH INDIA

Eldoo Care is proud to serve hundreds of families across South India's most prominent cities.

Bengaluru	Chennai	Madurai
Coimbatore	Tiruppur	Hosur
Tirunelveli	Thoothukudi	Nagercoil

Expanding steadily — because every family, in every city, deserves a care partner they can trust.

We are growing across India because no distance should ever come between a child's love and a parent's care. Every city deserves a partner you can trust when you can't be there yourself.

Tab 4 — Book Now

Start Your Care Journey Today

Getting started with Eldoo Care takes less than two minutes. Tell us what you need and we will take it from there.

PAGE HEADLINE

Care is one step/click away.
